What our customers say:

Cashmaster proudly serves over 100,000 customers worldwide, from some of the largest multinationals to single store operations. Here is what just a few of them think...

"Cashmaster has been extremely helpful as an efficiency tool for our cash handling procedures. In addition the interface option we have implemented, has taken that efficiency and magnified it."

Kohl's Stores

"Since implementing Cashmaster managers have freed themselves from the back office, and concentrate on the driving force of our business...our customers"

Taco Bell

"Cashmaster has allowed us to use the equipment for cash handling tasks that we simply could not do with traditional hand counting. We have been able to greatly speed up the process in the bookkeeping area. We also now have the ability to do many audits a day on the sales floor with the portability that the Cashmaster offers"

Stop and Shop

About Cashmaster

Established in 1977, our organisation has been involved in electronic cash counting systems since 1987. Cashmaster specialise in providing cash intensive businesses with a mean of counting and reconciling cash more efficiently. Sectors such as banking, retail and leisure each benefit from using Cashmaster products to reduce time spent counting cash whilst taking advantage of advanced reconciliation, resulting in loss prevention. Cashmaster offer a five product range to suit all levels of users, from single register operations to multinational stores who operate multiple cash registers per store.
