

sigma 105

The Cashmaster Sigma 105 is a fast and accurate cash counting machine, specifically designed to allow your business to save time, money and improve accountability.

Functions

- Counts loose, bagged and rolled coins
- Counts loose bills
- Counts coins in register cups

Benefits

- Saves you valuable time, allowing you more time to focus on your customers
- Significantly reduces the likelihood of costly counting mistakes
- Allows you to conduct instant spot audits
- Eliminates manual counting errors

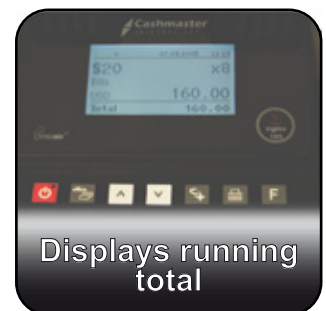

The Facts

- Counts the entire contents of a typical register in just 1 minute
- Counts, on average, 6 times faster than traditional hand counts
- Highly accurate and easy to use
- Counts 500 coins in 0.2 seconds and 100 bills in 5 seconds
- Counts silently and with no moving parts
- Embedded intelligence - the Sigma 105 is constantly learning
- Unrivaled 32-bit technology

Features

- Fully portable 10 hour rechargeable battery and mains supply
- Space saving design saves desk space
- Easy to read graphical display
- Intuitive, hard-wearing, fully sealed silicon keypad
- Printer port - allows you to print a full breakdown in seconds
- Robust design - ideal for the demanding retail environment
- Real time clock - ideal for audit trails and spot audits

Designed for single register use, the Sigma 105 assists with till counts, till set up, instant spot audits, and deposits.

What our customers say:

Cashmaster proudly serves over 100,000 customers worldwide, from some of the largest multinationals to single store operations. Here is what just a few of them think...

“Cashmaster has been extremely helpful as an efficiency tool for our cash handling procedures. In addition the interface option we have implemented has taken that efficiency and magnified it.”

Kohl's Stores

“Since implementing Cashmaster, managers have freed themselves from the back office and concentrate on the driving force of our business...our customers”

Taco Bell

“The Cashmaster has enabled us to use the equipment for cash handling tasks that we simply could not do with traditional hand counting. We have been able to greatly speed up the process in the bookkeeping area. We also now have the ability to do many audits a day on the sales floor with the portability that the Cashmaster offers”

About Cashmaster

Established in 1977, our organization has been involved in electronic cash counting systems since 1987. Cashmaster specializes in providing cash intensive businesses with the tools necessary to count and reconcile cash more efficiently. Sectors such as retail, grocery, banking, quick serve restaurants, and c-stores all benefit from using Cashmaster products. Cashmaster offers four different products to suit all levels of users, from single till operations to multinational chain stores that operate multiple tills per store.
