

sigma 170

The Cashmaster Sigma 170 offers businesses the opportunity to save time, cash and improve accountability.

Functions

- Counts loose, bagged and rolled coins
- Counts loose, banded and sleeved bills
- Counts coupons, vouchers and tokens
- Counts coins in register cups

Benefits

- Saves you valuable time, giving you more time to focus on your customers
- Eliminates manual counting errors
- Allows you to conduct instant spot checks
- Communication port for data transfer

The Facts

- Counts the entire contents of a typical register in under 1 minute
- Counts, on average, 6 times faster than traditional hand counts
- Counts 500 coins in 0.2 seconds and 100 bills in 5 seconds
- Unrivaled 32-bit technology
- Counts silently with no moving parts
- Embedded intelligence - the Sigma 170 is constantly learning
- Counts coupons, vouchers and tokens by weight

Features

- Hard-wearing, intuitive, fully sealed, splash proof silicon keypad
- Fully portable 10 hour rechargeable battery
- Space saving design frees up desk space
- Easy to read high contrast graphical display
- Compatible with printer dock minimizing the machine's footprint
- PC Port – allows you to transfer data to your PC
- Real time clock - ideal for audit trails and spot checks
- SD card port - software updates in seconds
- Integrated printer/docking station optional

Designed for single till use, the Sigma 170 assists with till counts, till set up, instant spot audits, and deposits. In addition, the user has the option on the Sigma 170 of using it portably and/or interfacing to a PC.

What our customers say:

Cashmaster proudly serves over 100,000 customers worldwide, from some of the largest multinationals to single store operations. Here is what just a few of them think...

“Cashmaster has been extremely helpful as an efficiency tool for our cash handling procedures. In addition the interface option we have implemented has taken that efficiency and magnified it.”

Kohl's Stores

“Since implementing Cashmaster, managers have freed themselves from the back office and concentrate on the driving force of our business...our customers”

Taco Bell

“The Cashmaster has enabled us to use the equipment for cash handling tasks that we simply could not do with traditional hand counting. We have been able to greatly speed up the process in the bookkeeping area. We also now have the ability to do many audits a day on the sales floor with the portability that the Cashmaster offers”

Stop and Shop

About Cashmaster

Established in 1977, our organization has been involved in electronic cash counting systems since 1987. Cashmaster specializes in providing cash intensive businesses with the tools necessary to count and reconcile cash more efficiently. Sectors such as retail, grocery, banking, quick serve restaurants, and c-stores all benefit from using Cashmaster products. Cashmaster offers four different products to suit all levels of users, from single till operations to multinational chain stores that operate multiple tills per store.
