

**Counts the contents
of a till in less than
1 minute!**

The Cashmaster Sigma 100 is a fast and accurate cash counting machine specifically designed to allow your business to save time, money and improve accountability.

Functions

- Counts loose, bagged and rolled coins
- Counts loose bills

Benefits

- Saves you valuable time, allowing you more time with your customers
- Significantly reduces the likelihood of costly counting mistakes
- Allows you to conduct instant spot checks
- Complete warranty

The Facts

- Counts the entire contents of a typical cash register in just 1 minute
- Counts, on average, 6 times faster than traditional hand counts
- Highly accurate and easy to use
- Counts 500 coins in 0.5 seconds and 100 bills in 5 seconds
- Counts silently and with no moving parts
- Embedded intelligence - the Sigma 100 is constantly learning

Features

- Fully portable - 10 hour rechargeable battery and mains supply
- Space saving design preserves desk space
- Large text backlit display
- Six easy to use rubberized buttons
- Printer port - allows you to print a full breakdown in seconds

Designed for single till use, the Sigma 100 assists with till counts, till set up, instant spot audits, and deposits.

What our customers say

"Cashmaster has been extremely helpful as an efficiency tool for our cash handling procedures. In addition, the interface option we have implemented, has taken that efficiency and magnified it"

Kohl's Stores

"Since implementing Cashmaster managers have freed themselves from the back office, and concentrate on the driving force of our business....our customers"

Taco Bell

"Cashmaster has allowed us to use the equipment for cash handling tasks that we simply could not do with traditional hand counting. We have been able to greatly speed up the process in the bookkeeping area. We also now have the ability to do many audits a day on the sales floor with the portability that the Cashmaster offers"

Stop and Shop

ROI

Most Cashmaster users realize an ROI or payback in a matter of weeks to a few months. With over 100,000 users worldwide, let us show you how we reduce the time it takes handling cash by over 70%. This reallocation of time and reduction in labor work together to provide a quick ROI. Cashmaster is an effective time and cost saving solution for any cash counting operation.

About Cashmaster

Established in 1977, our organization has been involved in electronic cash counting systems since 1987. Cashmaster specializes in providing cash intensive businesses with a means of counting and reconciling cash more efficiently. Sectors such as retail, grocery, banking, quick serve restaurants, and c-stores each benefit from using Cashmaster products. Cashmaster offers a four product range to suit all levels of users, from single till operations to multinational chain stores that operate multiple tills per store.
